Bayside Accommodations

Tomales Bay Resort offers a variety of rooms, including guest rooms for the casual traveler, family-friendly suites near the swimming pool, and romantic hideaways with fireplaces and private decks that overlook Tomales Bay. All rooms have private bathrooms, televisions, and WiFi.

About the Resort

Located on five acres directly on the shores of Tomales Bay, the Tomales Bay Resort has evolved through several identities since its founding in 1950. From the soda fountain days of the '50's, to the "boatels" haze in the '60's, and the "lava lamp" craze of the '70's, the resort has changed with the times, but has never lost its simple charm. Known as the Golden Hinde Inn & Marina for many years, this classic Marin family resort recently received a new name and major renovation in 2009.
